Account Setup

In order to log in to this scanner, a "System Administrator" account must be created. This user has full control of the scanner—with the ability to create/delete users, stop running scans, and change the scanner configuration.

Username:

Password:

Confirm Password:

[Continue](#) [Back](#)

Since this user can change the scanner configuration, it also has the ability to execute commands on remote hosts. Therefore, it should be noted that this user has the same privileges as the "root" (or administrator) user on remote hosts.

Nessus

Product Registration

As information about new vulnerabilities is discovered and released into the public domain, Tenable's research staff releases plugins that enable Nessus to detect their presence. These plugins contain vulnerability information, algorithms to test for the presence of the issue, and a set of remediation actions. Registering this scanner will grant you access to these plugins.

Nessus

The screenshot shows the Nessus website with three main product sections: Nessus Home, Nessus Professional, and Nessus Manager. The Nessus Home section is highlighted with a red box and contains the following text:

- Nessus Home**
- Free**
- Nessus® Home allows you to scan your personal home network for vulnerabilities and potential scanner enjoyed by Nessus subscribers.
- For Home Users**
- Scan 16 IPs**
- Nessus Home features:**
- High-speed, accurate assessment with thousands of checks
- Agentless scanning of home networks
- [Register Now](#)

The Nessus Professional section includes:

- Nessus Professional**
- \$2,190/Year**
- With more than 20,000 users, Nessus® Professional is the most widely deployed vulnerability configuration and compliance assessment product.
- For Individuals**
- Scans Unlimited IPs
- Nessus Professional features:**
- Accurate, high-speed asset discovery and broad coverage and profiling
- World's largest continuously-updated library of vulnerability and configuration checks
- [Buy Now](#)
- [Learn More](#)

The Nessus Manager section includes:

- Nessus Manager**
- Contact Us**
- Nessus® Manager combines the powerful capabilities of Nessus Professional with the ease of use and collaboration features of Nessus Manager.
- For Enterprise Teams**
- Scans IPs and Hosts with Nessus Agents
- Nessus Manager features:**
- Enables the sharing of multiple Nessus scanners, schedules, policies and results
- Integrates with patch management, mobile device management, and other IT tools
- [Buy Now](#)
- [Learn More](#)

Nessus

The screenshot shows the Nessus Home registration page. The page title is "Nessus Home". The text reads:

Nessus® Home allows you to scan your personal home network (up to 16 IP addresses per scanner) with the same high-speed, in-depth assessment and agentless scanning convenience that Nessus subscribers enjoy.

Please note that Nessus Home does not provide access to support, allow you to perform compliance checks or content audits, or allow you to use the Nessus virtual appliance. If you require support and these additional features, please purchase a Nessus subscription.

Nessus Home is available for personal use in a home environment only. It is not for use by any commercial organization.

The registration form is highlighted with a red box and contains the following fields:

- Register for an Activation Code**
- First Name ***
- Last Name ***
- Email ***
- Country ***
- ☐ Check to receive updates from Tenable
- ☒ I agree to the terms of service
- [Register](#)

Tenable Nessus Home Activation Code ☐ Posta in arrivo x

Nessus Registration <noreply@nessus.org> 10:52 (1 minuto fa) ☆ ↩

a me ▾

inglese > italiano Traduci messaggio Disattiva per: inglese x

Thank you for registering your Nessus scanner with Tenable. The Nessus Home subscription will keep your Nessus scanner up to date with the latest plugins for vulnerability scanning.

(Note: If you use Nessus in a professional capacity, you need a Nessus subscription.)

Your activation code for the Nessus Home is

This is a one-time code. If you un-install and then re-install Nessus, you will need to register the scanner again and receive another Activation Code.

Activating your Nessus Home Subscription
Activate your subscription by entering the Activation Code using the procedures below:

After the initial installation of Nessus, the final process will load a local configuration page in your default web browser. This page will begin a brief process to set up the scanner including creating an account, registering the scanner with your activation code, specifying a proxy (optional), downloading the plugins, and initializing Nessus for use.

Please consult the Nessus 6 Installation guide located at <http://www.tenable.com/products/nessus/documentation> for more information on this setup process.

No Internet Access on your Nessus system?
If your Nessus installation cannot reach the Internet, you will need to follow an alternate procedure to get the URL and challenge code for downloading the latest plug-ins. You can find offline registration instructions at:
http://static.tenable.com/documentation/Nessus_Activation_Code_Installation.pdf

Need help or more information?
If you have any questions, visit the Nessus discussion forum at <https://discussions.tenable.com/>.
